Dear Sir/Madam,

**Mandatory 20mph Zones, Citywide Order 4D, Drumoyne and Mansewood**

Thank you for your e-mail of 29<sup>th</sup> May.

GoBike is pleased to comment on the current Glasgow City Council consultation on proposals to impose 20mph speed zones in these 2 areas.

We are pleased that speed limits are to be reduced in these areas and we have no objection to the proposals. However, we would comment that, since speed humps are difficult to construct and expensive both to install and maintain, they are phased out. Should traffic calming be required we suggest that cheaper methods are found, that are less uncomfortable for road-users, particularly cyclists.

Yours sincerely
