AGM

GoBike! convenor Tricia Fort

and

PUBLIC MEETING

with guest speaker

Councillor **Anna Richardson** SNP

*Glasgow City Council's Convenor for  
Sustainability and Carbon Reduction*

Join us at another of the popular GoBike! Public Meetings and hear Anna Richardson, the Council's new representative for cycling, speak about her first 200 days in office. How will Glasgow's Strategic Plan for Cycling be progressed? How will the plans for using the Scottish government's extra money deliver people-friendly environments which allow everyone to choose the bike for getting around?

Anna will then answer your questions.

This will follow a brief GoBike AGM, with a report of its work and election of a new committee.
