4	<p><b>Convenor's report</b> (details from report circulated)</p> <ol style="list-style-type: none"> <li> <p><b>AGM</b></p> <p>Great success and well attended. Thanks to everyone involved in helping organise and present. Any comments / lessons learned for next year?</p> <p><i>Need to check room accessibility – stairs with no lift is a barrier.</i></p> </li> <li> <p><b>Byres Road</b></p> <p>Attended a workshop with LES DRS Sustrans S4PBR and GoBike to see the new plans that have resulted in the consultation findings. Plans go to TRO at end of Jan. Would be good to find a cycling friendly business rep on Byres Road that we can feed directly in to. <i>Design to TRO by end of January.</i></p> </li> <li> <p><b>GoBike Board of Shame</b></p> <p>New on the street campaign highlighting easily fixed but long ignored issues with our infrastructure. First one highlighted the flooding and leaves on the SWCW. Suggestions for new locations for a pop up shaming that fit within the easily fixed and long ignored bracket welcomed.</p> </li> <li> <p><b>Cycling Diversions around Works</b></p> <p>Have had a response thanking for our sharing of the TfL design guidelines. This will be passed to Roadworks Control. In addition staff have been advised that pre-start discussions with any TTMS contractors will include further promotion of the continued passage of cyclists where practical.</p> </li> </ol>	

	<p>Register, which may result in a fixed penalty notice being issued to the contractor. GCC inspectors carry out sample daily inspections of live sites in accordance with the New Roads and Street works Act 1991. The site inspections will ensure TTMS matches that of the approved plan and that works are being undertaken as per the specification.</p> <p>In relation to “CYCLISTS DISMOUNT AND USE FOOTWAYS” signs, as per my previous correspondence, I will liaise with all statutory undertakers on this matter at the upcoming Roads Authorities and Utilities Committee meeting.”</p> <p>Have conveyed thanks for these promises of improvement and asked for info on the formal reporting procedure for instances of non-compliance.</p>	
5.	<p><b>Sustainability Email Address</b></p> <p>This is still proving ineffective. Emailed Andy Brown with specific examples. He has responded to say that officers are busy and that is why it can take a week for responses to come in and that we should copy him in if anything is requiring immediate attention. Have got back to say that we have just not been getting any response at all and that we do need an effective way to communicate ongoing issues.</p>	
6.	<p><b>New Web Server</b></p> <p>Moved over hosting to IRIS for 24/7 cover and better/faster/more email space (JD) May move mailing lists onto server rather than Membermojo?</p>	JD mailing list

12.	<p><b>Evidence on website</b></p> <p>We continue to add evidence to the new pages on the website as they come in. Some help needed in picking out key findings to bulk this out. Can often be found just by finding the original post of the article, but takes time to disseminate. Any volunteers? Please</p>	BL will look at pages and

	<p>continue to share any new findings with Evidence channel on Slack.</p> <p><b>13. Mindmap on website</b> We've been asked to link to Glasgow Eco Trusts mind map of cycling groups around Glasgow, and it is now on our website under the Cycling Info tab.</p> <p><b>14. iNews Article</b> We appeared in a follow up "where are they now style" piece in the iNews on web and in print. <a href="https://inews.co.uk/news/scotland/how-glaswegian-campaigners-are-winning-the-fight-for-cycling-space/">https://inews.co.uk/news/scotland/how-glaswegian-campaigners-are-winning-the-fight-for-cycling-space/</a></p>	<p>keen to help with this</p>
5	<p><b>Consultations</b></p> <p>PF has done 58 responses in 2018 / as compared to 26 in 2017. Needing help to cover them all? Others could try simpler ones? Need for campaigning sub-group? 7	<p><b>Glasgow community Cycling Network</b></p> <p>Emily Ryder suggested GoBike don't fit within group due to lack of funding which other members provide. General committee acceptance that GB doesn't fit at GCCN is more of a cycle promotion than campaign group. Encourage but not join.</p>	
8	<p><b>Scottish Communities Climate Action Network</b></p> <p>GoBike to join SCCAN. Add to organisations list</p>	<p>AP: JD to complete application - <b>joined</b></p>
